

# The Lincolnshire Poacher study

Do you have diarrhoea or other gut troubles?  
The Lincolnshire POACHER study  
is seeking people to help with a research study

The Lincolnshire Poacher study is looking  
into new ways of treating people with  
Irritable Bowel Syndrome.

If you are experiencing these symptoms and  
interested in participating in the study, please  
make an appointment with your GP and ask  
about the study.
