REDUCTION IN COMMITTEE SIZE RATIONALE

As from 1st April 2023, in line with article 5.1 of the LPC Constitution, the Committee will reduce its size from 12 to 10 members.

There have been between 2 and 4 CCA vacancies throughout the year, in practice, the committee has been operating at 10 member level for the past year, so we know this membership allows for wide and diverse levels of input. With persistent vacancies, quoracy can be difficult. In addition, in light of the RSG vote, the LPC needs to reduce expenditure to allow additional monies to be allocated to PSNC. This will only be viable with a reduced committee size.

The current distribution of CCA, AiM and Independent pharmacies across the county means that a reduction to 10 Committee members would see a breakdown as follows:

CCA Members 4
AiM Members 4
Independents 2

The two seats lost are CCA seats.
